### **Journey's Dream Partners with The Mighty to Support People Touched by Mental Health Challenges**

Journey's Dream is thrilled to announce a new partnership that will bring our resources in front of [The Mighty](#)'s wide-reaching readership. We now have [our own growing home page on The Mighty](#) and will appear in many stories on the site.

The Mighty is a story-based health community focused on improving the lives of people facing disease, disorder, mental illness and disability. More than half of Americans are facing serious health conditions or medical issues. They want more than information. They want to be inspired. The Mighty publishes real stories about real people facing real challenges.

Here's an example of the kind of stories on The Mighty: [To the Person Who Thinks Depression Is a Choice](#).
